Restriction requirement.

The Examiner has required restriction of the claims of the instant application to one of two groups:

Group I: Claims 1 - 3 and 6 - 11, drawn to a composition comprising a histamine H1 antagonist and a H4 antagonist.

Group II: Claims 4, 5, 12 and 13, drawn to a method of treating a disease or disorder in a mammal using the compositions of Group I.

Amendments:

Entry of the above amendments is respectfully requested. Claims 3, 6 and 9 were amended to clarify the claim language. All amendments and cancelations were made without waiver or prejudice. Applicants reserve the right to file divisional or continuation applications directed to the nonelected or other canceled subject matter of this invention.
